Sub: Education - Industrial - Government Industrial School, Bellary - Purchase of Machinery - Part Scheme for 1946-47 - Proposals of the Jt. Director of Industries & Commerce, Madras, in his Jt. D.I.C. No. 5855-C1/45 dated 9.10.45

Ref: G.O. No. 6293 Dev. dated

To H.S.

In his letter in 1st Ref., the Jt. Dir. has recommended the purchase of machinery for the Govt. Industrial School, Bellary at a cost of Rs 28,700/- and requests that the proposal be treated as a Part-II Scheme for 1946-47.

The need for adequate equipment for an educational institution is essential. In the light of the recent instructions, it is for consideration whether the proposal may not be treated as an urgent measure, instead of being treated as a Part-II Scheme.

The case may be sent to Fin. Dept. for remarks

AS 16.10.45

I agree that the Government should be approached as early as possible and the (B) absence of proper Government aid to private training cannot be forbid to the candidates.

Please see the letter of the Director of Industries and Commerce in the current file and Development note above.

It is not clear whether the machines referred to in the Director's letter can be locally procured and paid for in the current year itself or whether any or all of them have to be imported from abroad. If all the machines are to be imported it may not be necessary to make any provision for payment in the current year. Development may be requested to ask the Director to indicate clearly the machines ~~and their cost~~ which can be purchased in the current year and in the next year and their cost, so that necessary funds may be provided ~~for~~ in these

proposal of Development that the purchase of the machines may be ordered as early as possible.

2. If the expenditure involved exceeds Rs. 10,000 non-recurring, the proposal will have to be treated as a 'New Service' and orders in full circulation obtained. H.E's authorisation for a supplementary statement of expenditure on account of the proposal will also have to be obtained in due course.

3. Development may be requested to intimate the necessary alterations to Part I Estimates after the proposal is sanctioned by the Government.
